

Society

By MELLIFICIA. Wednesday, October 22, 1913.

AN INTERESTING social affair today was the breakfast given Miss Catherine Countess, who is playing this week at the Orpheum, by Miss Grace Lennon Conklin, organizer of the local chapter of the Daughters of the Confederacy.

Miss Countess is a most enthusiastic member of this organization and says that she is "a most unreconstructed little rebel and not very little." In speaking of the society she says that the northern people think that its purpose is to stir up strife, but instead it is to bind together all the old love ties and soften the feeling which at one time existed. Miss Conklin's mother and Miss Countess' mother were both born in Mississippi, and the decorations at the breakfast were the Confederate and American flags, with cotton bolls from Mississippi.

While in Denver Miss Countess was the guest of the Daughters of the Confederacy of that city. Mrs. Dixie Potter is a prominent member and vice president of the Denver chapter.

Miss Countess tells with a great deal of pride that at the time of the St. Louis exposition the state of Texas sent her father as the representative from the state as being the oldest confederate soldier in the state.

At the breakfast covers were laid for eight, and the guests enjoyed meeting the talented actress from the southland.

This Leaves the Skin Smooth and Hairless

(Boudoir Secret.) The electric needle for removing hairy or fuzzy growths is fast falling into disfavor among beauty specialists, because quicker and better results are obtained with the aid of a paste made by stirring together a little powdered Beldone and water. This is applied on the hairs not wanted and in 3 minutes rubbed off, and with it comes every trace of hair. The skin should then be washed to remove the remaining paste and it will be left smooth and spotless. Buy delatone in original packages only.—Advertisement.

See This Beautiful New HUDSON!

Special Exhibit All This Week

WE are making a special exhibit all this week of the beautiful HUDSON Sedan. It is, we believe, the handsomest closed-body motor car ever shown.

Every item of elegance, simplicity, comfort and convenience is incorporated in its design and finish. It is the logical successor of the coupe. Not one pound of excess weight is added. It is no longer and no heavier than a coupe on the same chassis would be.

Five passengers are comfortably accommodated. The entire operation is controlled from the driver's seat. And the sweet-running, vibrationless HUDSON six-cylinder motor is responsible for a distinctly new sense of motor satisfaction.

As a shopping or theatre car it is ideal
